During the podcast episode hosted by David Flores (CEO of Psychedelic Spotlight), Kimberly Carlson shared insights into the vision and mission of Mushrooms Inc. The Company is dedicated to supporting the growth of the mushroom industry through collaboration, innovation, and development. At the heart of Mushrooms Inc. lies a commitment to creating and supporting environmentally beneficial product innovation.

With a specific focus on the industrial application of mycelium, Mushrooms Inc. aims to develop carbon-neutral products for the building, textile, and healthcare industries. By harnessing the power of mycology, Mushrooms Inc. seeks to advance the creation of scientifically proven products that promote the health of the body, mind, and environment which includes remediation of toxic substances using mycelium also known as Myco-remediation.

Along with providing Mr. Flores with an overview of Mushrooms Inc., Ms. Carlson also shared insight into her own personal passion for working within the mushroom sector and why she believes mycelium holds the potential to promote a healthier and more sustainable environment for all of society.

"The potential of the industrial mushroom sector is immense, and Mushrooms Inc. is at the forefront of driving innovation in this field," said Kimberly Carlson, CEO of Mushrooms Inc. "Through our research and development efforts, we are committed to delivering sustainable solutions that benefit not only our customers but also the planet.
